Service Breakdown:

Many artists/producers are willing to do the work but don't know what to do. Many don't know where to start or are afraid that they will do things wrong so they don't do anything or take the wrong steps. Many brands think they are doing the right things, but for some reason they are not reaching their potential. Some of the reasons for this are that they are not doing enough, or they are doing the wrong things. Our 1 On 1 Consultation service gives talent the chance to sit down and video chat with Kevin Miller or Ledonia Davis or Madli Kents or Juan Hernandez and go over the proper ways in which they need to build their brand awareness correctly and efficiently.
